

Learning Brooke Portfolios

Instilling pride and confidence through insights from the journey.

Learning Brooke portfolios celebrate the individual growth of the children, while providing an invaluable personal profile for their ongoing development.

Each one is a living, evolving keepsake your family will treasure for years to come.

During your child's journey here, this portfolio is also an invaluable resource for teachers. It enables our educators to accurately determine developmental levels and specific areas of interest, so that they can provide an appropriate environment filled with explorations and provocations to foster growth and new learning.

We ask the prekindergarten children to review their portfolio during the year in order to revisit and discuss their development.

A Learning Brooke portfolio may include elements such as:

- Art, writing & work samples from short and long term investigations
- Teacher observations
- Photos
- Documentation
- Daily reports
