Learning Brooke Summer Enrichment

Weekly options for children ages 4-7
from June 21st through August 27th

Theater program is 8:30-12:30, Monday through Friday
Extended Day is 7:30-8:30 and 12:30-5:30

Our 2010 Summer Enrichment Theater Program supports the importance of imagination, team work, self confidence, and a sense of accomplishment in each child. Using creative drama activities, children will explore their imaginations by bringing stories to life. Each weekly session is planned with a diverse and rich performing arts curriculum including character creation, pantomime, mind-body coordination, and arts and crafts. To ensure that our students get a real theater experience, each weekly session culminates in a final performance for family and friends. This is one inspiring and fun summer you won't want to miss!
